

## Registering A Team

- Select New User then New Team registration.

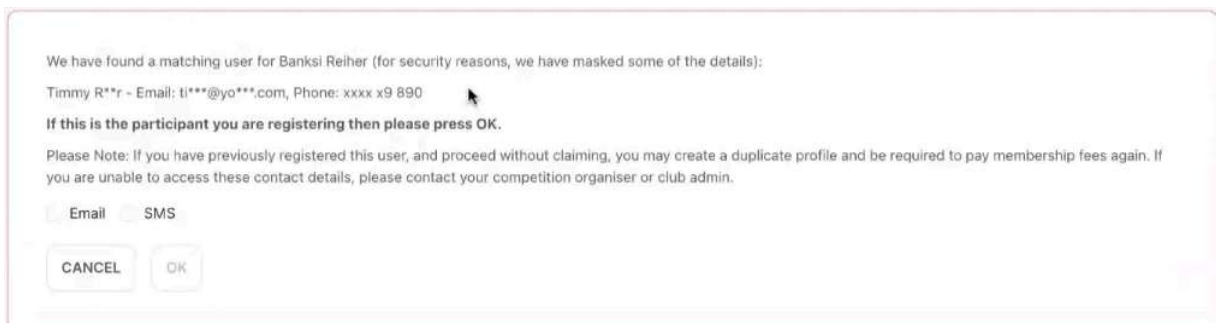

- Choose the division you are registering to.
- Select the admin role and enter your information.

### Person Registering Role\*

Admin  Manager  Player

- If you have current membership on Gameday you will need to claim your existing profile. A warning will pop-up, please check if the information is yours and claim the profile.

- Enter your team name and add your players, you only need their name and email or mobile. They will be sent an invite to join your team, you can send invites at any time.
- If you tick the 'I am paying the fees for this player' box they will still need to go through the invite link they receive (or you if you are their parent) to join the team - no charge.
- Once you register your team you will receive an email with login information, you can use this to log into your profile or the Basketball Connect App to manage your team.
